DO NOT EXCEED FIVE PAGES.

NAME:

POSITION TITLE:

EDUCATION/TRAINING *(Begin with baccalaureate or other initial professional education, such as nursing, including postdoctoral training and residency training if applicable. Add/delete rows as necessary.)*

INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	Start Date MM/YYYY	Completion Date MM/YYYY	FIELD OF STUDY

A. Personal Statement

[Briefly describe why you are well-suited for your role(s) in this project. Relevant factors may include aspects of your training; your previous experimental work on this specific topic or related topics; your technical expertise; your collaborators or scientific environment; and/or your past performance in this or related fields, including ongoing and completed research projects from the past three years that you want to draw attention to. You may also include your motivation, any relevant accomplishments, or the relevance of this project to your long-term career goals.]

B. Positions, Achievements, and Honors

[List in reverse chronological order all current positions. This includes academic, professional, or institutional appointments, and whether full-time, part-time, or voluntary.]

List any relevant academic and professional achievements and honors, including scholarships, traineeships, fellowships, and development awards, as applicable.]

C. Contributions to Science

[Briefly describe up to three of your most significant contributions to science. These contributions may be manuscripts, conference abstracts, IRB approvals, or other evidence of your ability to perform this project. You may include 2-3 sentences describing each contribution and its relevance to your project. Use appropriate citation styles when possible.]

D. Scholastic Experience

[List undergraduate and graduate courses that may be most relevant to your proposed project.]
